**ATTENTION:** Always order the corresponding shielding mat to get a proper grounding of the canopy and a high-quality screening of the bottom side! This is the only way to establish a complete high-performance protection! Canopies are shipped including installation accessories (ceiling hooks, anchors, cords, spreader bars). Rectangular canopies include 2 high-grade spreader sets (2x5m chrome/steel cords, anchors, tenterhooks etc.). Screening mats include grounding cables for grounding using a radiator or similar and grounding cable for your wall socket.
